How do I disable my Norton Internet Security/Personal Firewall popup blocker?

1. Open Norton Internet Security's/Firewall's main window (you may click the firewall icon on the system tray or use Start->Programs->Norton Firewall)
2. Click the **Ad Blocking** line.

3. Click the **Turn Off** button.

The screenshot shows the Norton Personal Firewall interface. The title bar reads "Norton Personal Firewall". The main menu includes "Security Monitor", "Block Traffic", "LiveUpdate", "Options", and "Help & Support". The "System Status" section lists several features, all of which are currently "On":

| Feature | Status |
|---------------------|--------|
| Security | On |
| Personal Firewall | On |
| Intrusion Detection | On |
| Norton AntiVirus | On |
| Privacy Control | On |
| Ad Blocking | On |

The "Ad Blocking" row is highlighted with a red border. To the right of this table is a "Turn Off" button, also highlighted with a red border. Below the "Turn Off" button is a "Configure" button. A sidebar on the right titled "Ad Blocking" explains that it helps eliminate unwanted ad banners and pop-up ads on Web pages.

At the bottom of the window, the Symantec logo is on the left, and the text "Norton™ Personal Firewall 200" is on the right.
